

The Pepsi Cola Bottling Co. Of Franklin Furnace back with PRP

PRP Soft Drink Distributor linked with two big nights of racing in Portsmouth

Portsmouth Raceway Park is thrilled to have The Pepsi Cola Bottling Company of Franklin Furnace, OH back on board for another season of racing in Portsmouth.

PRP also welcomes its newest Pepsi representative, Rhonda Sturgill.

Pepsi's continued involvement at Portsmouth Raceway has it directly involved with two specific events during the 2009 season, however, Pepsi will have some involvement each week.

The \$10,000-to-win "Pepsi 75" sanctioned by the Mid-Atlantic Championship Series Late Model Division will be one night of racing Pepsi will sponsor. It will take place on Saturday, July 4th. This Independence Day classic is an annual event in Portsmouth that always attracts many of the nation's best Late Model competitors.

The second date Pepsi will be associated with is June 6th which will be Pepsi Employee Night. PRP will hold a complete program that evening with Late Models, Modifieds, Limited Lates, and Bombers.

PRP appreciates all that Pepsi Cola continues to do for the track, fans, and drivers. Pepsi has always been very supportive in providing the speedway with door prizes to pass along to lucky race fans during intermission, as well as providing prizes to give out during PRP's annual Banquet of Champions.

Pepsi Cola products can be purchased on the PRP grounds at various locations...Mrs. C's Concessions at the base of the press box, the pit concession stand, as well as Trisha's Snow Cone Stand and PRP Pizza Booth located under the track's VIP suites.

Be sure and keep tabs on each race's top three runners and Late Model qualifying times by taking notice of The Mountain Dew Scoreboard located in the PRP infield near turn one.
