

Up Front Motorsports to continue honoring Mods

New Boston race shop will continue sponsorship of Modified Hardcharger

Up Front Motorsports of New Boston will continue its Hard-Charger Award Sponsorship of Portsmouth Raceway Park's Modified Division. Mike Pertuset, Jim Pertuset, and Donnie Raike run the race shop. Once again in 2009 they will supply the Modified A-Main's hard charger with five gallons of free race fuel, so good luck to the Mod driver who works his or her way "*UP FRONT*".

PRP appreciates Up Front Motorsports for its continued involvement with dirt-track racing in the Portsmouth area.
